

The Asian & Asian American Center
Office of the Dean of Students | Cornell University
Student Internship Overview

History

Thank you for your interest in the Asian & Asian American Center at Cornell University! Founded in 2009, the Center strives to bring together the rich diversity of the Asian and Asian American community (East, South, Southeast Asian, Pacific Islander, bi/multi-racial/ethnic, etc.) on campus. We are dedicated to caring for, celebrating, and promoting the academic and personal success of Asian and Asian American students at Cornell!

Program

This semester, we are proud to introduce our new Student Internship Program and are seeking creative, enthusiastic, and motivated students interested in leading the growth of the Center in coming months! The Internship Program seeks to build a strong foundation of *volunteer-based* students dedicated to expanding the breadth of the Center's reach on campus. Interns will have the opportunity to work alongside our staff and Director in developing further need or interest based social, cultural, and educational programming using the Center's space and campus common areas. Hours throughout the semester will be flexible and dependent on project need. Visit our website at <http://dos.cornell.edu/a3c/> and apply below!
