We’ve Been Waiting for You

We, the 2016 Orientation Steering Committee, are pleased to welcome you to Cornell University! Our goal is to provide you with an orientation program that helps you integrate into the Cornell University community. We look forward to the challenge of meeting your every need during Orientation so you can get ready to tackle your collegiate career at Cornell.

We understand your feelings of excitement and that nervous energy you are probably experiencing as well. We, along with 28 January Orientation Leaders (JOLs), will be your guides to Cornell University life and the first of many friendly faces you will see when you get here. We are pleased to welcome you to campus and to provide you with an orientation program that includes interaction with faculty, staff, current students, and more. We will help you meet new people, learn about campus, and become an expert about your new community.

This booklet will be your road map. It is filled with important information to help you make the most of your transition. Welcome to Cornell!

All January students are invited to participate in six days and six nights of events and activities. You are required to attend all programs in your college, as well as several university programs. The January Orientation Leaders (JOLs) will accompany you to many of the afternoon and evening events, where you will be provided with invaluable information.

**PLOT YOUR COURSE**

Your time here at Cornell University is precious; use it wisely, and be proactive with regard to your specific needs. Consider what you want to be a part of while you are here. Will you be active in athletics? How about community service? Are you looking for research opportunities? Does participation in student government interest you? All of these opportunities are within your grasp. It is up to you to ask questions, seek out information, and take full advantage of the programs offered during orientation week and beyond.

**HOW TO USE YOUR JANUARY ORIENTATION LEADERS (JOLS)**

Each new student is assigned to a January Orientation Leader (JOL)—an upper-level student in your college. If you are a transfer student, your JOL also transferred into Cornell and is in your college. Your JOL will accompany you and your orientation group to orientation activities and help you make the adjustment to Cornell University. Take the time to meet these student volunteers and learn from them. They can provide invaluable information and direction: professors you might want to meet, how to prepare for your prelims, where to hang out, how to get involved, the quietest places to study, and much more. At your first orientation event, Taste of Ithaca, on Thursday night (see page 6), you will meet your JOL and other new students. If you have any questions about your JOL assignment, please contact the Office of Residential and New Student Programs at 607.255.5808.

**USING THIS GUIDE WITH THE CAMPUS MAP**

We’ve made it easy to find the location of events. Each event listing includes a letter and number (e.g., B7) after the location of the event. Using those coordinates, reference the grid on the border of the map on pages 36 and 37 of this guide, and voilà! If you need any assistance with creating your daily schedule or finding where an event is located, don’t hesitate to ask your JOL or any faculty or staff member on campus.

A NOTE FOR NONTRADITIONAL STUDENTS
On Tuesday, January 26, please join us for an event specifically for nontraditional students. Take this opportunity to meet current nontraditional students and learn more about Cornell. In addition to the event on Tuesday, January 26, please join the listserv nontrad-L@cornell.edu by sending an email to nontrad-L-request@cornell.edu with “join” in the subject line.
TO DO LIST
The first thing all new students should do is visit newstudents.cornell.edu. This website provides everything you need to know and do before coming to Cornell. It contains a personalized To Do List so you can stay on top of everything in advance of your arrival.

WHAT TO BRING
Here are some additional Cornell basics:

- **Warm clothes, layers, and an umbrella**
  Be prepared for Ithaca’s ever-changing weather and overheated academic buildings. Many students think a strong umbrella and a pair of rain boots are necessities.

- **Social Security card and birth certificate (originals only)**
  You will need them if you want to work on campus.

- **At least one dressy outfit**

HEALTH REQUIREMENTS

Health History Form
**Deadline: December 18, 2015 • Penalty: see details below**
All new January entrants at Cornell should have submitted their completed electronic and paper Health History forms by December 18, 2015. Upon receipt of your printed form, Cornell’s Gannett Health Services will review your Health History form to make sure you have met all New York State and Cornell University requirements.* If your form does not demonstrate full compliance by January 8, 2016, you will not be registered and you will be charged a $100 late fee. For assistance meeting any outstanding requirements, call Gannett Health Services at 607.255.4364 as soon as possible to set up a requirements appointment. For more information, visit gannett.cornell.edu.

*Note to affected international students: your TB screening test must be completed after arrival and is not subject to the late penalties.

Health Coverage
**Deadline for SHP waiver: February 2, 2016 • Billing date: December 11, 2015 (reimbursed to those with accepted waiver applications)**
Cornell’s Student Health Plan (SHP) provides comprehensive health coverage for students and eligible dependents. Per Cornell policy, students are enrolled automatically in the SHP each year unless they have alternate health insurance meeting Cornell’s requirements. Those who choose to waive SHP must file an online application (studenthealthbenefits.cornell.edu) by February 2, 2016. After the deadline, SHP enrollment may not be cancelled, except as allowed by policy guidelines. Students who waive SHP enrollment pay a student health fee that provides prepaid access to care at Gannett Health Services and helps support campus health initiatives. Please visit studenthealthbenefits.cornell.edu or contact the Office of Student Health Benefits at 607.255.6363 for more information about requirements, waivers, or health coverage.

TRANSPORTATION SERVICES
607.255.4600 • 116 MAPLE AVENUE • WWW.COMMUTING.CORNELL.EDU • E7
Transportation Services is committed to offering alternatives to the single-occupant vehicle, while supporting sustainability initiatives for the campus and adjacent neighborhoods. Students are encouraged to review their transportation options before choosing to bring a vehicle to Cornell. Ithaca has a robust public transit system (tcatbus.com), a carshare program (ithacacarshare.org), a rideshare network (zimride.com/cornell), and a bike-sharing program (bigredbikes.cornell.edu). All new-to-Cornell students are eligible for no-fee, unlimited-rides transit privileges on TCAT buses in their first year at Cornell. All cars, bikes, motorcycles, and mopeds parked on campus must be registered with Transportation Services (myparking.cornell.edu). There is no fee for registration. CAMPUS-TO-CAMPUS COACH SERVICE • 607.254.TRIP • C2CBUS.COM
Campus-to-Campus provides express, executive-class motorcoach service between Cornell’s Ithaca and New York City campuses. Buses are equipped with reclining seats, worktables, wireless Internet service, and electric outlets at every seat. Passengers also have the added convenience of snack and beverage service and a lavatory. All trips are reserved and paid for online. For more information or to book a trip, go to c2cbus.com.
As you start your Cornell career, please review the rules and regulations of campus, many of which are available at judicialadministrator.cornell.edu. You are expected to understand and abide by all Cornell University policies, which range from academic integrity to use of computers and network systems, as well as our Campus Code of Conduct.

To help you learn and meet Cornell’s requirements for academic integrity, we have created The Essential Guide to Academic Integrity at Cornell. All new students will receive a copy. You can also view the guide online at dos.cornell.edu/sites/dos.cornell.edu/files/rnsp/documents/academic_integrity_pamphlet_2015.pdf.

The Campus Code of Conduct is intended to define conduct that is threatening to, or is otherwise unacceptable in, the Cornell community. This includes infractions such as assault, sexual assault, harassment, and hazing. It also includes more common, non-violent behaviors that violate campus policy, such as underage drinking and smoking marijuana, both of which are illegal under New York State law. When students violate the Campus Code, they are referred to the judicial administrator (JA). Any Cornell community member who believes that he or she has been victimized by a violation of the code should contact the JA or call the CU Police to discuss those concerns.

The university has a Bias Response Program to assist members of the Cornell community who believe that they or other members of the Cornell community have been adversely affected by instances involving bias on the basis of race, gender, sexual orientation, national origin, or any other protected condition.

It is important to be aware of your physical surroundings and to exercise good judgment. Blue Light emergency telephones on campus have direct lines to Cornell Police, and the Blue Light bus service operates daily from 6:30pm to 2:30am. To request the Blue Light service, call 607.255.7373. Additionally, please remember that swimming in the gorges is extremely dangerous and a serious threat of drowning exists, regardless of your swimming ability. It is against the law to swim in areas not designated as swimming areas. The gorges are constantly eroding and rocks fall throughout the year; many areas are marked as “no trespassing.”

It is also important to exercise good judgment online. Understand that your postings may last much longer than you intend and may reach a much wider audience than you intend. Your online footprint is a reflection—perhaps a permanent one—of you.

GOOD SAMARITAN PROTOCOL
Never let the fear of disciplinary JA action impede your willingness to call 911 for help in an alcohol or other drug emergency. Although it is illegal for individuals under the age of 21 to drink alcohol, severe intoxication and overdoses are life-threatening and require swift medical intervention. To encourage students to call for help, Cornell provides a Good Samaritan Protocol that reduces or removes the judicial consequences typically associated with alcohol or other drug use. This protocol is consistent with New York State’s Good Samaritan Law. The Good Samaritan Protocol can extend to the caller, the person in need of medical assistance, and the organization hosting the event in which alcohol or other drugs were consumed. For more information about the Good Samaritan Protocol, visit goodsam.cornell.edu.

UNIVERSITY POLICIES ON STUDENT RECORDS

HOW DO I GET TO ITHACA?
Air service provided by Delta, American Airlines, and United is available to Ithaca via Ithaca Tompkins Regional Airport (flyithaca.com) with approximately 20 flights that arrive and depart daily with non-stop service to New York (LaGuardia), Philadelphia, Newark, and Detroit. Additional airlines fly in and out of Syracuse, Elmira, and Binghamton; however, these options require traveling to Ithaca by rental car or bus. Airline Limousine (855.686.7735) provides service from both the Ithaca and Syracuse airports. For information visit cornell.edu/visiting/ithaca.

WHEN SHOULD I ARRIVE?
Move-In is Thursday, January 21, from 9:00am to 12:00pm. We recommend you arrive on Thursday, January 21, to move in and get acclimated to your new surroundings before leaping into your academic career. The first orientation event for international students is at 1:30pm on Thursday, January 21. The first orientation program for all new students is on Thursday evening, January 21, at 7:30pm in Physical Sciences Building.

I’M HERE, NOW WHAT?
After you get settled into your room, your orientation program begins on Thursday evening, January 21, at 7:30pm in the Physical Sciences Building. There you will meet your January Orientation Leader and other new students, grab some food, and have a great first night on campus. All international students should attend the International Student Orientation at 1:30pm on Thursday, January 21.

WHAT IF I MISS CHECK-IN?
We highly discourage missing Check-In because of the information conveyed by the many Cornell representatives in one place. All students should also verify that all required items on their To Do List are complete (newstudents.cornell.edu).

WHEN DO I REGISTER FOR CLASSES?
Each college has a different procedure for registering for classes; check out newstudents.cornell.edu for more information. Your college will review this information with you at your college-specific orientation sessions. The student support office in your college is able to answer many questions regarding course selection, advising, transfer credits, and other academic issues that arise.

DO I HAVE TO TAKE PHYSICAL EDUCATION COURSES AND, IF SO, WHEN IS COURSE ENROLLMENT?
Students who transfer to Cornell from another college or university will be awarded one term of physical education credit for each full term of academic transfer credits they are granted by Cornell. Transfer students entering Cornell as sophomores or juniors are usually not required to take physical education classes for credit. Each student should clarify his or her transfer status with their college office. Those students who do need to enroll may do so online during spring semester. Transfer students held to the swim requirement may take the swim test at no charge during the fall or spring orientation week swim tests. For more information visit pe.cornell.edu/physed.

“Establish a healthy routine that balances academics and extracurricular activities; it’s very important to start off on the right foot.”

—Advice to transfer students from a January Orientation Leader

WHERE SHOULD I PURCHASE TEXTBOOKS?
The Cornell Store is your only source for the official Cornell course material list. They work with faculty members to know precisely what books are needed for each Cornell course. Kiosks are provided to print your booklist in an easy shopping list format. Textbooks are located on the first floor and are shelved alphabetically by author’s last name. The Cornell Store offers you a one-stop shopping experience with their online price comparison tool. Purchase books from the store in various formats: new, used, rental, or digital. Directly through their website, you can buy from Amazon.com and Half.com or compare their prices to these sites. The Cornell Store is the only location that accepts CornellCard for textbook purchases, along with other payment options. For more information, including hours of operation, visit store.cornell.edu.

WHAT IS THE DIFFERENCE BETWEEN MY CORNELL ID, MY NETID, AND MY CORNELL CARD?
Your Cornell ID is your picture identification card that identifies you as a member of the Cornell community. You will use it for meal plan dining, door access, taking out books at the library, riding TCAT buses, and many other identification purposes. Your NetID is a combination of your initials and numbers that make up the first part of your Cornell email address. It is used to securely access network services. Your CornellCard is a service activated on your Cornell ID if you have filled out the application form. It works similarly to a cash card and allows you to charge purchases to a designated account. Every registered student must have a Cornell ID and a NetID. CornellCard is an option for students but is not required.

CAN I GET TECH SUPPORT?
If you need help with services like NetID, Wi-Fi, or Cmail, contact the IT Service Desk at it.cornell.edu/support.
